I support BILL #HB6962 An Act Concerning Firearm Safety.

I believe in 2nd Amendment rights but all guns/ammunition should be stored in a GUN SAFE to prevent minors or any dangerous individuals to obtain access.

There have been several recent incidences in CT schools where an individual has threatened other students on social media and ultimately the police have discovered that firearms were not secured in the students home.

Please keep Connecticut safe and Vote YES on BILL HB 6962
